national coalition for sexual freedom inc.

NCSF takes the lead in defending the rights of individuals, groups, and businesses in the kink, BDSM, swing and polyamory communities with our ongoing projects:

Amplify Voices

We promote Diversity, Equity and Inclusion by highlighting accomplishments and attributions of those community leaders from marginalized groups. View our videos that amplify voices in our communities.

Consent Counts

We are working to decriminalize sexual conduct between consenting adults, and helped create the legal framework of Explicit Prior Permission for consent to kink. We provide training for groups on how to deal with consent incidents, and sample Consent Policy & Procedures for your events.

Education Outreach Project

We provide workshops at professional conferences and for community groups and events on consent for kink and consensual non-monogamy, as well as legal issues that may affect you and your members.

Incident Reporting & Response

We help individuals, groups and businesses within the kink, polyamory and Lifestyle communities who are experiencing discrimination or need help with dealing with consent incidents.

Kink & Polyamory Aware Professionals

We provide a free database of professionals who offer "Sex-Positive Support for Kink and Non-monogamy." This includes legal, mental health, medical and other professionals who are knowledgeable about alternative sexuality (alt-sex).

Legal Actions

We contribute amicus briefs for relevant legal cases involving free speech and privacy rights. We also track Appellate law cases on consent and BDSM, Law Review articles on consent and BDSM, and a database on State-by-State Assault laws.

Media Outreach

We can talk directly to the media about the alt-sex communities, and train your spokesperson on how to talk to the media about kink and consensual non-monogamy.

Metamour Day

We invite you to help us celebrate February 28th as Metamour Day, honoring the relationships between metamours.

Resource Library

Check out our library of activist and professional resources, including Key Concepts for Clubs and Media Tips. You can also find our original research on the health and well-being of consenting adults in the alt-sex communities.

Revising the DSM

We helped to de-pathologize BDSM in the APA's Diagnostic and Statistical Manual (DSM-5). We continue to monitor changes to the APA's DSM that may impact on people who engage in kink and consensual nonmonogamy.

Special Recognition

We offer awards to individuals who truly deserve recognition in order to call attention to their work and support their outstanding service to the alt-sex communities.

**WE ARE
