

Help spread the word about Explicit Prior Permission for Kink!

Tell people to contact NCSF if:

- You're having a criminal issue so we can confidentially consult with your attorney or the prosecutor/investigator
- Your group or event doesn't have a consent policy or procedures to deal with consent violations
- Your group would like to educate your members about consent, BDSM & the law

We want you to:

- Inform your friends about [Explicit Prior Permission](#)
- Post on social media - #NCSFFreedom #ExplicitPriorPermission
- Speak out at groups and events about [Best Practices for Consent to Kink](#)
- Join NCSF as a member and ask your group to join!

Research your own state legislators to find out:

- Do they advocate for marginalized groups, like the LGBTQ communities, homeless shelters, domestic violence organizations, or social justice movement?
- Do they have a law enforcement background?
- Do they support sexual assault prevention legislation?

Help make allies:

- Volunteer for your local crisis center! They need your help and your voice to help kinky and non-monogamous survivors.
- Reach out to your local rape crisis center or anti-violence project, and suggest that NCSF give our IPV & BDSM Cultural Competency webinar. Here is a [Sample email](#) that you can send.
